Independent Auditors' Report

To the Board of Directors of
Ossining Children's Center, Inc.
Ossining, New York

Report on the Financial Statements

We have audited the accompanying financial statements of Ossining Children's Center, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ossining Children's Center, Inc. as of June 30, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Ossining Children's Center, Inc.'s 2016 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 2, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2016, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Notes to Financial Statements

For the Year Ended June 30, 2017

Note 1 - Organization and Background

Ossining Children's Center, Inc. (the "Organization") is one of the oldest and largest day care centers in Westchester County, NY. The Organization creates a foundation for children's life-long learning, achievement and well-being by providing high quality educational child care, and by serving as a community resource and advocate for families. A common foundation underlies its programs across age groups. The Organization is a licensed day care facility in the State of New York.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting and Presentation

The accompanying financial statements are presented on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The financial statements presentation follows the requirements of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards, Financial Statements of Not-for-Profit Organizations. The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted Net Assets - consists of assets, public support, program revenues and investment earnings which are available and used for charitable activities, operations and programs. Unrestricted net assets represent the portion of net assets of the Organization that is neither permanently restricted nor temporarily restricted by donor-imposed stipulations. Contributions are considered available for unrestricted use unless specifically restricted by the donor.

Temporarily Restricted Net Assets - includes funds with donor-imposed restrictions which permit the done organization to expend the assets as specified and are satisfied either by the passage of time or by actions of the Organization. Resources of this nature originate from gifts, grants, bequests and investment income earned on restricted funds. The Organization did not have any temporarily restricted net assets at June 30, 2017.

Permanently Restricted Net Assets - includes resources which have a permanent donor-imposed restriction which stipulates that the assets are to be maintained permanently, but permits The Organization to expend part or all of the income derived from the donated assets.

Note 2 - Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

The Organization considers as cash equivalents all highly liquid investments, which can be converted into known amounts of cash and have a maturity period of ninety days or less at the time of purchase. Excluded from this definition of cash equivalents are such amounts that represent funds that have been designated by the Board for investment. Money market deposits maintained in checking and saving accounts which are available for current operations. For the purposes of the statements of cash flows, the Organization considers all highly liquid investments with maturity of three months or less when purchased to be cash equivalents.

Contributions

The Organization follows the requirements of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards, *Accounting for Contributions Received and Contributions Made*. This financial accounting standard requires that contributions be recorded as receivables and revenues and requires the Organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions. Contributions may include gifts of cash, stock or other securities, collection items, or promises to give.

Support that is restricted by the donor is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction until restriction conditions are satisfied, at which time temporarily restricted net assets are reclassified to unrestricted net assets.

Contributed Goods and Services

The Organization records various types of in-kind support including contributed facilities and professional services. Contributed professional services are recognized if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair market value when received. The amounts reflected in the accompanying financial statements as "in-kind revenue" are offset by amounts included in expenses or fixed assets.

Additionally, the Organization may receive amounts of skilled, contributed time, which does not meet the two recognition criteria described above. Accordingly, the value of this contributed time has not been determined and is not reflected in the accompanying financial statements.

Note 2 - Summary of Significant Accounting Policies (Continued)

Revenue Recognition

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Contributions subject to donor-imposed stipulations that are met in the same reporting period are reported as unrestricted support. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risk involved, when such amounts are considered material.

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, temporarily restricted assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

The Organization reports gifts of land, building, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support.

Contract and Grant Revenue

The Organization derives revenues through contracts and grants received through Federal and State grantor agencies. Accordingly, the Organization is subject to the regulations and reporting requirements of the applicable governmental and grantor agencies. Contract and grant revenue is recorded in accordance with the provisions of the applicable award amounts, including the recognition of any purpose or time restriction on the use of the proceeds.

Financial awards from federal, state and local governmental entities in the form of grants are subject to special audits. Such audits could result in claims against the Organization for disallowed costs or noncompliance with grantor restrictions. No provision has been made for any liabilities that may arise from such audits since the amounts, if any, cannot be determined at this date.

Note 2 - Summary of Significant Accounting Policies (Continued)

Interpretation of Relevant Law

The Organization has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation the Organization classified as permanently restricted net assets: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the Organization
2. The purpose of the Organization and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Organization
7. The investment policies of the Organization

Fund Deficiencies/Underwater Funds

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the USA, deficiencies of this nature are reported in unrestricted net assets. Such a deficiency could result from unfavorable market fluctuations that occurred shortly after the investment of permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors.

Return Objectives, Strategies Employed and Spending Policy

The investment objective for the Organization's permanent endowment is to ensure a total real return (current income plus capital appreciation (or loss) adjusted for inflation) sufficient to preserve and enhance, in real dollar terms, the principal funds endowed to support the activities of the Organization.

Notes to Financial Statements

For the Year Ended June 30, 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Return Objectives, Strategies Employed and Spending Policy

The investments of the endowment shall be appropriately diversified so as to maximize expected returns while controlling risk. Endowment funds should be invested so that, over the long term (measured by rolling five-year periods), real total return on the endowment, net of investment management fees, should exceed the standard benchmarks for the mix of assets in which the endowment is invested.

Accounts Receivable

Accounts receivable are presented net of the allowance for doubtful accounts. The Organization's periodic evaluation of the adequacy of the allowance is based on its past loss experience.

Allowance for Doubtful Accounts

When necessary, the Organization provides an allowance for doubtful accounts equal to estimated bad debt losses. The estimated losses are based on historical collection experience together with a review of the current status of the existing receivables.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Organization's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

Fixed Assets

Purchased fixed assets are carried at costs. Property, equipment, furnishing, and improvement are capitalized at cost, if purchased, or if donated, at fair market value at the date of receipt. Depreciation is provided on the straight-line method over the estimated useful lives of the respective assets. Maintenance and repairs are charged to expense as incurred, while betterments are capitalized. When items of property or equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in revenues. The capitalization policy is any item over \$1,500.

OSSINING CHILDREN'S CENTER, INC.

Notes to Financial Statements

For the Year Ended June 30, 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Income Tax Status

The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(a) and has been classified as an Organization that is not a private foundation under Section 509(a)(1). The Organization is also exempt from New York state taxes. However, the Organization remains subject to income taxes on any net income that is derived from a trade or business, regularly carried on and not in furtherance of the purpose for which it was granted exemption.

Functional Allocation of Expenses

The Organization allocates its expenses on a functional basis among its various programs and support services. Expenses are allocated among program and supporting services directly or on the basis of time records and utilization estimates made by the Organization's management. General and administrative expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization. Expenses that can be identified with a specific program and/or support service are allocated directly according to their natural expenditure classification.

Note 3 - Fixed Assets

Fixed assets consisted of the following as of June 30, 2017 and 2016:

	<u>2017</u>	<u>2016</u>

Note 4 – Fair Value Measurements

Financial Accounting Standards Board Statement ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value of investments appearing on the statement of financial position has the following valuation approaches as defined by FASB ASC 820 hierarchy:

- Assets utilizing Level 1 inputs include money market, equities, fixed income securities, and mutual funds, which amounted to \$2,132,383 as of June 30, 2017 and \$2,028,355 as of June 30, 2016. There are no liabilities utilizing Level 1 inputs.
- There are no assets and liabilities utilizing Level 2 inputs.
- There are no assets and liabilities utilizing Level 3 inputs.

Notes to Financial Statements

For the Year Ended June 30, 2017

Note 6 - Concentration Footnote

The Organization received approximately 64% and 68% of its annual revenue from government funded contracts during the years ended June 30, 2017 and 2016, respectively. Outstanding accounts receivable from those contracts were approximately 68% and 63% of total accounts receivable at June 30, 2017 and 2016, respectively.

The Organization maintains its cash balances in bank deposit accounts, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on its cash and cash equivalents.

Note 7 - Permanently Restricted Net Assets

In 2001 the Organization started an endowment fundraising campaign to build long term intergenerational equity. As of the year ended June 30, 2017 and 2016, the balance of these funds is \$1,567,771 and \$1,565,779, respectively. These funds are restricted for scholarships, teaching enhancement programs, as well as, other specific educational programs.

Note 8 - Government Grants and Contracts

The Organization has contracts with government agencies for fee assistance and support. The government grants consist of the following:

Westchester County DSS Title XX – Parent subsidized tuition fee sent directly to the Organization.

Ossining Universal Free School District – Universal Pre-K.

CACFP Food Program – The Organization receives reimbursement for meals served to eligible children. The Organization receives funding based on monthly claims submitted for meals served.

Note 9 - Contingency

The expenses reflected in the accompanying financial statements relating to state and federal contracts are subject to audit by the funding sources. The possibility of disallowance of any items recorded as contract costs cannot be determined at this time. Accordingly, no provision for any liability that may result has been made in the financial statements.

Note 10 - Summarized Comparative Information

The financial statements include certain prior-year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2016, from which the summarized information was derived. Comparative information may have been modified to conform to the current financial statements.

Note 11 - Economic Dependency

The Organization is dependent on the resources of private foundations and grant funding primarily in the greater New York area to carry out its primary function of technical assistance and support of its members, and to meet other human service needs in the community.

Note 12 - Related Party Transactions

The Organization hired a consultant for a contract agreement of \$9,000 to provide financial consulting as of June 30, 2017. This consultant was related to a member of the Board of Directors. Management and the Board has determined that the fee approximates fair market value.

Note 13 - Other Liabilities

The Organization has been notified that there is an amount due to the Department of Social Services for Day Care Services of \$46,641 for the time period of March 2015 through February 2016. Management has disputed this liability.

Note 14 - Subsequent Events
